Re: Parowan Commissioner Position

Dear Mr. Scott:

You have been selected by the Parowan Distribution System interview committee as their recommendation to be appointed as the water commissioner for the Parowan Distribution System.

As we explained during the interview, the committee's recommendation will be presented to the Parowan water users for their ratification at the annual distribution system meeting scheduled for Tuesday February 15, 2011 at 4:00pm. We will send you a notice of the meeting with the meeting place and agenda. Please plan to attend.

If the water users ratify the interview committee's decision, you will be recommended to the State Engineer for appointment as the water commissioner. Having sat in on the interviews, the Division staff have no concerns about your qualifications to serve as water commissioner and could fully support the water users recommendation. An official appointment letter will then be sent and arrangements will be made to provide training pertinent to the water commissioner position.

If you have any questions between now and the annual meeting, please contact any of us.
